Arlington, Virginia

We have audited the accompanying statement of financial condition of GIT Investment Services, Inc. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

GIT INVESTMENT SERVICES, INC.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2008

NOTE 1- SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Business

The Company was incorporated in Virginia on February 11, 1982. It serves as a broker/dealer in securities and provides security brokerage services to its clients, mainly individual investors. In May 2003, the Corporation began trading under the name Clarendon Securities. The Corporation is located in Arlington, Virginia, and is a wholly-owned subsidiary of Bankers Finance Capital Corp. (BFCC). The Corporation and BFCC operate under common control with Presidential Bank, FSB (Presidential Bank).

Cash and Cash Equivalents

The Corporation considers all highly liquid investments, including money market funds with original maturities of 90 days or less, to be cash equivalents. At June 30, 2008, 79.83% of the balance of cash and cash equivalents represents amounts invested in the Treasury Fund Daily Money Class money market fund held through National Financial Services, LLC (NFS).

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported amount of assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Securities

Investment securities with readily determinable market values are classified as available-for-sale and are reported at fair value, based on published market prices. Unrealized gains and losses are reported as accumulated other comprehensive income, a separate component of stockholders' equity. Realized gains and losses are recognized on a specific cost identification basis.

All of the investment securities are invested in NASDAQ Stock Market, Inc. common stock. The stock was purchased during the 2006 fiscal year and as of June 30, 2008 had unrealized losses of \$23,819. These securities were acquired at a discount from the public offering price.

NOTE 2- INCOME TAXES

The company and its stockholders elected to be subject to the S corporation provisions of the Internal Revenue Code. Accordingly, all income or losses and applicable tax credits are reported on the stockholders' individual income tax returns.

NOTE 3- CLEARING AGREEMENT

The Corporation acts as an introducing broker in the execution of security transactions on behalf of its customers. Under an agreement with NFS, the cash and margin brokerage accounts of the Corporation's customers are carried by NFS on a fully disclosed basis. The clearing agreement also provides that NFS shall perform certain other services relating to clearing and maintaining customer accounts.

Pursuant to this agreement, the Corporation is required to maintain a minimum deposit of \$50,000 to secure obligations related to the execution of securities transactions. The agreement may be terminated by either party upon 60 days prior written notice.

NOTE 4- NET CAPITAL

As a broker dealer, the Company is subject to the Securities and Exchange Commission's regulations and operating guidelines, which require the Company to maintain a specified amount of net capital as defined, and a ratio of aggregate indebtedness to net capital as derived, not exceeding 15 to 1. The Company's net capital as computed under 15c3-1, was \$478,491 at June 30, 2008, this exceeded required net capital of \$250,000 by \$228,491. The ratio of aggregate indebtedness to net capital at June 30, 2008 was 2.5%.

NOTE 5- GUARANTEES - INDEMNIFICATIONS

In the normal course of its business, the Corporation indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specified potential losses in connection with their acting as an agent of, or providing services to, the Company or its affiliates. The maximum potential amount of future payments that the Corporation could be required to make under these indemnifications cannot be estimated. However, the Corporation believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

NOTE 6- RELATED PARTY TRANSACTIONS

The Corporation shares certain facilities and personnel with Presidential Bank and BFCC. Under an agreement between BFCC and the Corporation, BFCC also provides certain operational support services, including the maintenance and preservation of books and records appropriate to a registered broker/dealer, among others. The amounts paid by the Corporation to Presidential Bank for shared facilities include any direct costs incurred by the Corporation plus an allocable portion of rent, utilities and other related costs incurred by Presidential Bank as a result of the joint occupancy, plus an amount equal to 15% of the total of all direct and allocable costs.

The amount paid to BFCC for services is determined based upon the direct and allocated overhead expenses incurred by BFCC on behalf of the Corporation, plus an administrative service fee of 4% of all direct and allocated expenses. Because of the affiliation among the Corporation, BFCC and Presidential Bank, amounts reimbursed may not be representative of amounts that would have been paid had such services and facilities been obtained from third parties. However, pursuant to applicable banking regulations, Presidential's Board of Directors has made a good faith determination that Presidential's arrangements for shared facilities with the Corporation are consistent with those that would apply to unaffiliated entities.

The Corporation incurred expenses paid by BFCC. As of June 30, 2008 the amount due to BFCC is \$9,863.

Under the arrangement to share facilities with Presidential Bank, the Corporation expects to make payments through the duration of Presidential Bank's current office lease through October 2013. Expected future minimum payments to Presidential Bank for the years ending June 30:
